5. *August 24, BigIslandNow.com* – (Hawaii) **Highway 11 opened to all traffic.** Highway 11 between mile markers 58 and 59 near Whittington Beach Park in Ka'u on the Big Island was closed for approximately 10 hours August 24 due to flooding on the roadway caused by heavy rain.
Source: <https://bigislandnow.com/2015/08/24/highway-11-opened-to-all-traffic/>
6. *August 24, San Francisco Bay Area News* – (California) **San Francisco Airport terminal cleared, suspicious package found.** Terminal 2 at San Francisco International Airport in California was cleared for nearly 2 hours August 23 after a suspicious package containing inoperable toy hand grenades was found. Authorities removed the package and cleared the scene after determining that there was no threat.
Source: http://www.mercurynews.com/breaking-news/ci_28689593/san-francisco-airport-terminal-cleared-suspicious-package-found
7. *August 23, St. Clair News-Aegis* – (Alabama) **Accident, spill and muddy conditions close US 231 for hours.** U.S. 231 near the border of St. Clair and Shelby counties was closed for several hours August 23 after a collision between a tour bus and a semi-truck, which caused the semi-truck to overturn in a side ditch spilling 35,000 pounds of molten aluminum, and sparking several small explosions. Cleanup crews worked to clear the scene.

Water and Wastewater Systems Sector

8. *August 25, Associated Press* – (Hawaii) **Waikiki beaches closed after rains trigger sewage spill.** Honolulu officials closed a 4-mile stretch of Waikiki beaches August 24 after heavy rains overwhelmed the city's sewage system and caused 500,000 gallons of wastewater to spill from manholes into the ocean. The heavy rains also caused closures for two local schools, roadways and several city facilities, including Honolulu Zoo, due to flooding.

Source: <http://abcnews.go.com/Travel/wireStory/waikiki-beaches-closed-rains-trigger-sewage-spill-33295957>

9. *August 24, Columbus Republic* – (Indiana) **Break leaves 2,500 without water for 8 hours.** A water line break left about 2,500 southern Bartholomew County residents without water for about 8 hours August 23 while Eastern Bartholomew Water Corp., crews located the break and restored service. A boil order was issued until August 26 for customers affected by the outage.

Healthcare and Public Health Sector

10. *August 24, KERO 23 Bakersfield* – (California) **Tehachapi doctor pleads guilty to mail fraud.** Officials announced August 24 that a Tehachapi doctor pleaded guilty in connection to a mail fraud scheme that tricked his patients and their insurers by implanting and billing for unapproved intrauterine devices (IUDs) without permission or consent. The doctor provided obstetric and gynecological services through his office, and purchased the unapproved IUDs on the Internet while selling the devices under the guise that they were Federally approved.

Source: <http://www.turnto23.com/news/local-news/tehachapi-doctor-pleads-guilty-to-mail-fraud>

Government Facilities Sector

11. *August 25, USA Today* – (Washington) **Washington wildfires now largest in state's history.** Crews reached 10 percent containment August 25 of the Okanogan Complex fires that have burned 256,567 acres in central and eastern Washington. Over 5,000 homes remain threatened and schools were forced to delay their openings due to the wildfires.

Source: <http://www.usatoday.com/story/news/2015/08/24/washington-wildfires-largest/32302927/>

12. *August 25, Kalamazoo Gazette* – (Michigan) **Theft of copper piping from Berrien County school delays start date.** Officials at Buchanan Middle School in Michigan pushed back the school's start date to September 14 after thieves broke into the building and stole a large amount of copper piping and other construction supplies

August 17, damaging the facility's water piping and ventilation systems.

http://www.mlive.com/news/kalamazoo/index.ssf/2015/08/theft_of_copper_piping_from_be.html

13. *August 25, WCYB 5 Tri-Cities* – (Virginia) **Twelve students hurt in Scott Co. bus crash.** Twelve students were injured when a school bus ran into a rock wall after crossing the median and crashing into an embankment in Scott County, Virginia, August 24.
Source: <http://www.wcyb.com/news/rescue-crews-heading-to-bus-accident-with-multiple-injuries/34888886>
14. *August 25, Riverside Press-Enterprise* – (California) **Big Bear Lake: Most Summit fire evacuation lifted.** The U.S. Forest Service lifted mandatory and voluntary evacuations for nearly all residents August 25 after firefighters made progress on the Summit Fire burning near Big Bear Lake in California. Bear Valley Unified School District cancelled classes at nearly all campuses August 25 due to the poor air quality.
Source: <http://www.pe.com/articles/overnight-777865-bear-lake.html>
15. *August 25, KFSN 30 Fresno* – (California) **Rough Fire at nearly 52,000 acres, 17 percent containment.** Crews reached 17 percent containment August 25 of the 52,000-acre Rough Fire burning in Fresno County. Several campgrounds and trails remained closed while firefighters worked to increase containment lines.
Source: <http://abc30.com/news/rough-fire-at-more-than-51000-acres-17-percent-containment/953478/>
16. *August 24, NBC News* – (Oregon) **'Kind of intoxicating': Wildfire crews find beauty amid the flames.** Crews reached 29 percent containment August 24 of the 73,000-acre Canyon Creek Complex fires burning in Oregon, which has destroyed nearly 40 structures and forced the evacuation of homes in Upper Pine Creek and Upper Dog Creek.
Source: <http://www.nbcnews.com/storyline/western-wildfires/kind-intoxicating-wildfire-crews-find-beauty-amid-flames-n415131>
17. *August 24, KWWL 7 Waterloo* – (Iowa) **Classes canceled as students were evacuated at the University of Iowa.** A suspicious package left near the president's office prompted the cancellation of classes and the evacuation of Jessup Hall at the University of Iowa for more than 3 hours August 24. A bomb squad inspected the suspicious package and cleared the scene after determining nothing dangerous was inside.
Source: <http://www.kwwl.com/story/29869730/2015/08/24/classes-canceled-as-students-were-evacuated-at-the-university-of-iowa>

Information Technology Sector

19. *August 25, Securityweek* – (International) **Tor increasingly used by malicious actors: IBM.** IBM Security released findings from its third quarter X-Force Threat Intelligence report revealing that The Onion Router (Tor) network has been used increasingly by cybercriminals for malicious purposes, with about 180,000 malicious events originating from Tor U.S. exit nodes since May. Researchers found that most Tor-based attacks have been Structured Query Language (SQL) injections and primarily targeted the information and communications industries, among other findings.
Source: <http://www.securityweek.com/tor-increasingly-used-malicious-actors-ibm>
20. *August 24, Securityweek* – (International) **Dyre trojan uses semi- random file names to evade detection.** Security researchers at IBM discovered that the developers of the Dyre banking trojan modified the malware's persistence mechanism by making its execution a Microsoft Windows scheduled task, and assigned semi-random filenames to the trojan's configuration files to evade detection.
Source: <http://www.securityweek.com/dyre-trojan-uses-semi-random-file-names-evade-detection>
21. *August 24, Threatpost* – (International) **AlienSpy RAT resurfaces as Jsocket.** Security researchers discovered that the AlienSpy remote access trojan (RAT) malware was renamed and repackaged as Jsocket, and has been involved in phishing campaigns against targets in utilities, government, telecommunications, and other industries.
Source: <https://threatpost.com/alienspy-rat-resurfaces-as-jsocket/114385>
